

Lakes Region Planning Commission Meeting

Monday, April 28, 2014

6:00 P.M.

Dear LRPC Commissioners, Selectboards, City Councils, Planning Boards, and Interested Parties:

Starting at 6:00 pm on Monday, April 28, 2014, the Lakes Region Planning Commission (LRPC) is hosting a commission meeting, which will feature a presentation on the region's household hazardous waste disposal program, its role in protecting our waterbodies and water supplies, as well as some of the challenges and opportunities on the horizon. The meeting will be held at the Northfield Town Hall, 21 Summer Street, Northfield, NH.

Much has been done over the years to protect the quality of the surface and ground water throughout the state and region. Great progress has been made in curtailing the discharge of deadly chemicals and human wastes directly into rivers and lakes. There are, however, other sources of pollution around us – household hazardous wastes. These include items such as kitchen and drain cleaners, automotive products, pesticides, fertilizers, and oil-based paints.

For more than 25 years LRPC has coordinated a program to enable Lakes Region residents and property owners to safely dispose of toxic products from their home, reducing the likelihood of contamination of surface or ground water. At this meeting LRPC staff will lead a presentation about this successful, regional program.

Other topics will include a presentation by Rep. Scott Burns of Franklin who is the prime sponsor of the pending HB 1570-FN regarding Paint Stewardship and a proposed budget revision to LRPC's FY 14 budget.

Please visit the online site www.lakesrpc.org for additional information about all of the LRPC's activities.

All LRPC meetings are open to the public. For additional information or special accommodation, please contact the LRPC: 279-8171 or jhayes@lakesrpc.org.
