Re: Applications available for transportation projects

As part of the biennial update of New Hampshire's Ten Year Transportation Improvement Plan (TYP), the Lakes Region Planning Commission (LRPC) coordinates a process to identify and prioritize transportation projects for the Lakes Region to be considered for inclusion in the TYP. LRPC is seeking project proposals for the 2021-2032 Ten Year Plan. **Applications are due Monday, August 31.** Applications are available in PDF format or can be completed and submitted on-line:

<https://forms.office.com/Pages/ResponsePage.aspx?id=HRWR15B-vEGpFi0Bbt8W5FakWBOxliRjUEz6dTNnKFUMTc2M0pWUFIKNVQ0RVBYSU1DQldWQkRBNy4u>

Eligible projects include roadway improvements, bridge replacements, bicycle and pedestrian improvements, park and ride lots, planning studies, and others. This round of projects is for construction in 2031 or 2032.

Proposed projects will be evaluated by LRPC's Transportation Technical Advisory Committee based on criteria that are utilized statewide by the nine regional planning commissions. The Lakes Region's priority projects will be submitted to NHDOT in the fall for consideration for the Ten Year Plan. The criteria used to evaluate project proposals is described in detail below.

Please notify LRPC if you are thinking about submitting a project application. We can answer questions you may have about project eligibility or assist you with application requirements. Contact Principal Planner Susan Slack at sslack@lakesrpc.org or Assistant Planner Jessica Bighinatti at jbighinatti@lakesrpc.org.
