

Lakes Region Planning Commission Meeting
Monday, January 27, 2014
Lakes Region Community College – Center for Arts & Technology

6:00 P.M.

Dear LRPC Commissioners, Select Boards, City Councils, Planning Boards, and Interested Parties:

Think Brownfield sites only occur in large, old urban areas? Think again! The January meeting of the Lakes Region Planning Commission (LRPC) will feature **Brownfields** and **how communities may use them to spark community redevelopment opportunities**. LRPC has received its second Brownfields Assessment Grant from the U.S. Environmental Protection Agency (EPA). With guidance from the Brownfields Advisory Committee (BAC), and the NH Department of Environmental Services (NHDES) Brownfields Program, an engineering consultant will be hired in the Spring of 2014 to help identify potential sites where redevelopment potential may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

The ultimate goal of the Brownfields program is the green and sustainable revitalization of Brownfields and contaminated sites. LRPC would like your assistance in identifying prospective sites in your community. Come and learn about Phase 1 and Phase 2 assessment opportunities.

In addition to an overview of the LRPC Brownfield Assessment Program, Commissioners will be asked to approve the LRPC Financial Procedures Revision and Transportation Improvements – Public Involvement Process Plan. Please visit the online site www.lakesrpc.org for additional information about all of the LRPC's activities.

All LRPC meetings are open to the public. For additional information or special accommodation, please contact the LRPC: 279-8171 or jhayes@lakesrpc.org.

A G E N D A

- 6:00 pm** **Welcome and Introductions / *Stanley Bean, Jr.*** LRPC Chairman
